THE CHAIRMAN: Thank you, Harry.

We have with us this morning Mr. Bill  
Simmons. I believe he is with the Shikar Safari  
Club.

MR. WILLIAM SIMMONS: Yes.

THE CHAIRMAN: Did I pronounce that right?

MR. SIMMONS: Yes, sir. Mr. Chairman  
and ladies and gentlemen, just a little brief back-  
ground of what Shikar Safari Club was and is.

The organization was formed back in the

early Fifties by a man named Scott Hayes. Scott has originally hunted in Africa with Sir Henry Percival. Those were the days when you used to put the loads on your head and start off from Nairobi and walk maybe 50 miles to get your trophy. Of course, it is a little different now.

Some years ago Scott saw that Africa and Asia were rapidly going and thought it might be wise to band together a group of international hunters and form an organization, which they have done, called Shikar Safari Club. The club now has 200 members throughout the world. It attempts to help in overseas wildlife habitat as well as hunting areas because they are actually all hunters. Some maybe ten years ago they felt because of the importance of the United States it might be wise to recognize in each of the fifty states the wildlife officer selected by that state and present them with an award, which is the reason I am here today.

I have two awards to present today, one for 1978 Wildlife Officer of the Year and one for 1979, which I believe Mr. Angelle has just selected in October of this year.

These officers will receive a plaque that you will see, a certificate as well as letters from the organization, and in addition to that a donation is going to be made in their name to the Environmental and Wildlife Officers Association. A little background on this. This is an association that does something in other states that Louisiana does very well. If a wildlife officer is killed in the line of duty, the money that is put into this association helps the children or the family of the wildlife officer make it, maybe help the kids in school and possibly helps the wives in some cases where the state does not provide a great deal of money. In Louisiana that is pretty well done, as you all know, but in some states it isn't. This is in addition to the award that these gentlemen will receive today.

I know that the Commission is busy and I know that you folks have other things to do, so really without further ado I would like to make these presentations.

Would the two officers, or rather, Mr. Hubert Babineaux come forward, please?

Hubert, you were selected as the recipient for 1978. I have to apologize to you personally for not getting this to you sooner. I just had some problems where I couldn't do it and I hope you understand. However, this is the award for 1978 as Louisiana Outstanding Wildlife Officer. Thank you very much.

MR. HUBERT BABINEAUX: Thank you.

(Applause.)

MR. SIMMONS: Would Mr. Cecil Broussard come forward, please?

Cecil, you were selected by the Commission and Mr. Angelle just recently as the Outstanding Wildlife Officer for 1979. It gives me great pleasure to make this presentation to you. Thank you, Cecil.

MR. CECIL BROUSSARD: Thank you, sir.

(Applause.)

THE CHAIRMAN: Hubert, you and Cecil both are a credit to this Department and we are proud of you and proud of the job you are doing.

MR. SIMMONS: And it goes without saying that we who are very privileged in being able to

hunt throughout the world recognize that without these people we would all be in serious trouble.

Thanks a lot.

THE CHAIRMAN: Thank you, Bill.

(Applause)

Does anyone else wish to be heard in the audience this morning? Senator Gilbert.

MR. GILBERT: Mr. Chairman, I would like to propose that the Secretary prepare a resolution wishing Dr. St. Amant a speedy recovery from his illness. He has been a fixture and a man that all of us have admired for many years. I hope that he returns to work as soon as possible and I would like to propose that we give him a resolution requesting a speedy recovery.

THE CHAIRMAN: I think that is very proper and fitting. Mr. Secretary, if you will so do that, we will appreciate it.

SECRETARY ANGELLE: We will do that.

(The full text of the resolution is here made a part of the record.)

WHEREAS, Dr. Lyle S. St. Amant,

Assistant Secretary of the Louisiana Department of Wildlife and Fisheries, has been ill and recently has undergone major surgery, and

WHEREAS, Dr. St. Amant's efforts and contributions to the wildlife and fisheries resources of our state for many years are well known throughout the nation and the world, and

WHEREAS, Dr. St. Amant has gained the love and respect of all the members of the Commission and staff,

NOW THEREFORE BE IT RESOLVED that the Commission goes on record to express their wishes for Dr. St. Amant's complete and speedy recovery.

THE CHAIRMAN: Gentlemen, nominations are now open for the election of new officers. The Chair will accept nominations for vice chairman at this time.

MR. RIGGS: Mr. Chairman, I nominate Sonny Gilbert for vice chairman.

THE CHAIRMAN: Do I have a second?

MR. LUTTRELL: Second.

THE CHAIRMAN: Any other nominations?

MR. DONALD F. WILLE: I move that nominations be closed for vice chairman.

THE CHAIRMAN: Do I hear a second?

MR. RIGGS: Second.

THE CHAIRMAN: All in favor say aye.

IN UNISON: Aye.

THE CHAIRMAN: It is unanimous so there is no need to vote on Mr. Gilbert. Mr. Gilbert, congratulations. You are now the vice chairman and Mr. Wille can quit goofing off and you can take his place.

Nominations are now open for chairman.

MR. GILBERT: Mr. Chairman, I would like to propose the name of Don Wille to be chairman of this Commission for the coming year.

THE CHAIRMAN: We have a nomination. Do we have a second?

MR. WILLE: Mr. Chairman, I would like to say something before we even get a second. Right now, due to my business commitments that I have, I don't think that I would like to accept

the chairmanship. I think that the chairmanship has been run very well in the hands that it has and I would like to relinquish the chairmanship and nominate you, Mr. Chairman, for another year.

MR. LUTTRELL: I second that nomination.

THE CHAIRMAN: Thank you, gentlemen. Any other nominations for chairman?

MR. GILBERT: Mr. Chairman, I would withdraw my nomination then as Mr. Wille has decided that he could not accept and I would like to make the nomination of Doyle Berry unanimous from the Board.

THE CHAIRMAN: Thank you. Any objections?

Thank you very much. I will try to serve you one more year but I will say this will be my last one.

(Applause)

Is there any other business this morning?

The January meeting will be on the 21st and 22nd, which is the fourth Tuesday. Is there any conflict? I think the duck season is over. Is that satisfactory to everybody?

(Members nod agreement.)

THE CHAIRMAN: We will stand adjourned then. Thank you.

(Whereupon, at 10:30 o'clock a.m., Tuesday, December 18, 1979, the regular monthly meeting of the Commission was adjourned.)
